Class Descriptions

Animal Planet: In Animal Planet, you will learn about all the different types of animals around the world! Their eating habits, where/how they live, and fun facts through exciting hands-on-activities.

Around The Globe: This is your chance to experience different food, cultures, and things from around the world. Grab your passport and join ESP on a journey around the globe.

Art Frenzy: Find your inner creativity in our Art Frenzy class! Students will learn all different types of art, while exploring the history of different artists and their own art techniques.

Aquatic Adventures: Come sail away in our Aquatic Adventures class. Students will learn about the ocean and its secret treasures!

Basketball: Children will learn the fundamental skills of basketball while emphasizing skill development, teamwork, and sportsmanship.

Beauty Counter: This class includes making your own makeup, face wash, moisturizer and more!

Beauty in Me: In this class students will work on creating a positive and uplifting atmosphere, while learning proper etiquette and focusing on their own individual beauty.

Book Worms: Come join us as we read, write and illustrate books! This class will be filled to the brim with different activities that involve all kinds of educational topics.

Boys 2 Men: If you are looking for a group to find creative ways to solve problems, this is the group for you. This is an all boy group dedicated to creating not only a positive environment, but a place for students to make sure their voice is heard.

Cardboard Challenge: Students will use different techniques in engineering to build cardboard structures, using their imagination.

Cheerleading & Gymnastics: Do we have spirit? Yes we do! We're rooting for you to come learn some new routines and motivational cheers with us!

Dance: Calling all dancers! Do you love dancing and twirling around to music? If so, put on your dancing shoes and get ready for an hour of nonstop movement. Your student will learn basic steps of various dances.

Design Squad: While using the concepts S.T.E.A.M., students will design and compete in exciting challenges such as, build bridges, construct cars and buildings, and much more!

Detective/Escape Room: Ready to solve some of Erma Siegel's greatest mysteries? This class is a perfect fit for students who love to put their thinking caps on and solve difficult mysteries.

Duct Tape Engineers: Are you always creating new things with anything you can find? If so, you will do great in our class where you will get to create tons of things using, wait for it... DUCT TAPE!!

Edible Education: In this class we're going to bake the world a better place. We're happy to give your kids the opportunity to create delicious, homemade treats using everyday kitchen equipment. DONUT forget to add this class to your list!

\$15 fee

ESP-N Sports & Bowling: Students will learn the fundamentals of team-based sports and personal competition, while keeping up with current sport happenings. More information to come about annual ESP bowling league.

Farm 2 School: This class will allow students to engage in activities furthering their knowledge about plants and animals. Students will learn about the plant growing process and what balanced diets look like.

Fashionistas: Are you into fashion? If so, this is your chance to work with different materials and patterns to create your very own clothing!

Flag Football: Who will get the first touchdown of the season? Let's all work as a team to compete against our fellow classmates. Contact is not permitted between players; any contact made will result in a penalty for the team that initiates it. NO TACKLING.

Fun Fitness: Are you ready to learn good nutrition and fun work outs that keep your body healthy? Well this is the class for you! Students will learn how to be confident in themselves and their healthy lifestyles!

Girl World: Girl time is the ~bestie~ time! This class will give girls the chance to build self-confidence, self-esteem and strong friendships. Everyone will participate in group/partner activities to create relationships with all. This is a class where students will work on creating a positive and uplifting environment, while participating in fun activities.

Gym Games Classics: Come learn all about friendly competition while getting back to the basics with some of our favorite gym games like kickball and more!

Home Economics: This home economics course is all about learning responsibilities around the house, which include: proper cooking, cleaning, nutrition, health, clothing and more!

Homework Help & Relaxation Station: This is a class to wind down from the busy day, relax your body with yoga, and focus in on completing some homework.

Hot Wheels: Students will brainstorm how to use recycled materials to create race cars, race tracks, and more!

Key Club: This class will encourage your child to be a leader through serving and helping others. Our goal is to help everyone create a better school climate by spreading awareness and increasing engagement in the kind actions. Come be a part of the movement!

Lego Creations: Brainstorming is key to success in this class! Students will work as a team to learn creative Lego building techniques.

Lego Robotics: With the use of iPads, Legos, and circuit boards, our students are able to create and code their very own robotics. They will pair up and get creative with this cutting edge technology.

Little Einstein's: Explore some of Albert Einstein's experiments and learn how to conquer his hypothesis in this unique science class.

Makers Space: INVENT, DESIGN, and TINKER in ESP's Makerspace class! Friends of all ages love to get creative with hands-on activities and challenges.

Math Madness: Do you have mad math skills? Then come work on refining those skills as you participate in exciting math-filled activities.

Minute-To-Win-It: 1 Minute to Win or Lose it all! Learn how to work as a team to compete against other classmates in this brain storming class.

Mosaic Art: Do you enjoy expressing your creativity through art? Then come and join us after school and learn about this different art style!

Movie Maker/Yearbook: Capturing that perfect angle is key! Learn how to snag the perfect shot to put into a yearbook. Plus, learn how to shoot scene-by-scene to film your own movie. This class will test your strengths in design and creativity.

Mystery Science: Put your lab coat and goggles on because we're ready to experiment and explore in Mystery Science. Learn about chemical reactions, erupting volcanos, condensation, evaporation and more.

Pinterest Party: Lets DIY and create your own Pinterest board! Students will pin some of their favorite activities, and will complete them weekly.

Quirkles: Quirkles offers a fresh way, different than what is used in most regular class rooms, to integrate literacy and science that engages children with inquiry based, hands-on activities.

Smashbooking: Students will be creating different photo collage books, with polaroid cameras, digital cameras, iPad cameras and more!

Softball/Baseball: STRIKE – You're missing out!.. That's if you do not sign up for our all-star class! Students will be learning how to field a ground ball with the correct stance and how to hit a grand slam.

Spanish Language & Culture: Bienvenidos! We would love to have you in our fiesta-centric Spanish class. Come explore the different cultures of Latin American countries while also learning Spanish along the way!

Story Book Creations: Combining literature with visual arts, this class allows students to express themselves while reinforcing reading and craft skills.

Story Stones: Explore the world of creative writing in this class while we develop stories using innovative techniques and unconventional materials. ESP cannot wait to guide our students into a land of imagination using stones and art.

The Great Outdoors: Learn everything you need to know when exploring the wilderness! May it be camping, fishing, or just enjoying what earth has to offer!

Welcome to the Jungle: – This class will focus on all things to do with the jungle. Games, crafts, inventions, and stories all about wildlife!

World Holiday: Would you like to go on an adventure around the world and learn about all different the cultures? If so, this is the perfect class for you! Come learn about unique foreign holidays that include the countries cuisine, rituals, activities and more!

Volleyball: Come and improve your volleyball skills and test your teamwork abilities! This is a great way to learn a new sport and master new skills.

Zoology: If you're curious about different animals and would like to learn about their habitats, life cycles, and more, we can promise you'll otterly love this class!

3D Art: This class will be using different materials like clay, paper, and recycled items, really anything you can imagine to build art sculptures. If you are feeling creative, I wouldn't miss out on this art class!
