

Erma Siegel Fall Class Catalog

SOAR CLASS

Soar classes are an exclusive advantage only offered to students of the Extended School Care Program. These classes will push your kid to their own academic excellence, in exciting and innovative ways of learning.

K-2 Soar Classes

Tuesday

- **Math Madness**- In this class, kids will play math based games to keep their skills sharp! Games like Shut the Box will keep your child's brain working even after the school day is through. Big Kids will be doing Math Madness on Tues. and Thurs mornings.

- **Crafternoon**- Let your child come explore their artistic side in this class. They will form, paint, and create their afternoon away. All supplies are provided. Just add color!

- **Writer's Workshop**- Children will learn how to write short stories and even news articles. This class will culminate in the students writing and developing the December Newsletter.

- **Soccer**-ESP will be partnering with the MCS Soccer League to bring your child a top-tier soccer experience. Students will learn the fundamentals of the game as well as team building, cooperative skills that will last a lifetime. Because we will be bringing in certified coaches to oversee this class, there is a \$25 fee associated with the class.

- **Yoga**- Sometimes school is stressful. Your child can relax and unwind by stretching their bodies while clearing their minds. This class is back by popular demand. No yoga mat needed for this class. Namaste'.

Monday

- **Quirkles**- Have fun with this class that combines literature and science. It won't seem like learning when they're having this much fun!

- **Hot Wheels/Cardboard Challenge**- In this class, students will combine the fun of cardboard and hot wheels to create the ultimate hot wheels city.

- **Theater**- In this class, children will get the chance to learn lines and perform small plays. Each will get the chance to be the lead characters or even help direct the plays.

- **Bowling**- The only time STRIKES are considered a good thing. Come learn how to get them here. This class also offers a bowling league for an additional fee. More info coming

- **PE/Fitness/Gym Games**- Whether it is an aerobics class, Ships and Sailors, or relay races, your child will play the afternoon away in this class. They will get all that energy out before they come home! Expect your child to be tired!!!

Wednesday

- **Quirkles**-Have fun with this class that combines literature and science. It won't seem like learning when they're having this much fun!

- **Hot Wheels/Cardboard Challenge**- In this class, students will combine the fun of cardboard and hot wheels to create the ultimate hot wheels city.

- **Theater**- In this class, children will get the chance to learn lines and perform small plays. Each will get the chance to be the lead characters or even help direct the plays.

Thursday

- **Math Madness**- In this class, kids will play math based games to keep their skills sharp! Games like Shut the Box will keep your child's brain working even after the school day is through. Big Kids will be doing Math Madness on Tues. and Thurs mornings.

- **Crafternoon**- Let your child come explore their artistic side in this class. They will form, paint, and create their afternoon away. All supplies are provided. Just add color!

- **Writer's Workshop**- Children will learn how to write short stories and even news articles. This class will culminate in the students writing and developing the December Newsletter.

- **Yoga**- Sometimes school is stressful. Your child can relax and unwind by stretching their bodies while clearing their minds. This class is back by popular demand. No yoga mat needed for this class. Namaste'.

- **Sign Language**- Back by popular demand!!! Last year we introduced this class and the kids LOVED it! So many learned how to communicate with those in our school who are hearing impaired. Your child will learn things like the alphabet, common words, and even the Pledge of Allegiance. This class is taught by an ASL certified teacher.

Friday

- **Getting Silly w/Ms. Lily**- The children will be challenged both socially and intellectually. The goal of this class is to expand your child's critical thinking skills and allow them to learn and communicate in a team building atmosphere.

- **Cheerleading**- 2, 4, 6, 8, who do we appreciate? Children will learn high v's, toe touches, and all things cheer. Whether your child is a beginner or has been cheering for many seasons, he/she will have a blast!

- **Soccer**-ESP will be partnering with the MCS Soccer League to bring your child a top-tier soccer experience. Students will learn the fundamentals of the game as well as team building, cooperative skills that will last a lifetime. Because we will be bringing in certified coaches to oversee this class, there is a \$25 fee associated with the class.

- **Yard Games**- Cornhole, Spikeball, Horseshoes, Badminton are just a few of the games that your child will get to learn and play in this class. A constantly rotating schedule of games will keep your child engaged and learning new games

3-6 Soar Classes

Monday

- **Soccer**-ESP will be partnering with the MCS Soccer League to bring your child a top-tier soccer experience. Students will learn the fundamentals of the game as well as team building, cooperative skills that will last a lifetime. Because we will be bringing in certified coaches to oversee this class, there is a \$25 fee associated with the class.

- **Yoga**-Sometimes school is stressful. Your child can relax and unwind by stretching their bodies while clearing their minds. This class is back by popular demand. No yoga mat needed for this class. Namaste'.

- **Cheerleading**- 2, 4, 6, 8, who do we appreciate? Children will learn high v's, toe touches, and all things cheer. Whether your child is a beginner or has been cheering for many seasons, he/she will have a blast!

- **Lego Wedo/Coding**- We have joined two of the kid's favorite classes into one! They will learn the basics of coding both online and offline. In addition to coding, students will bring legos to life with the use of technology.

- **Craftersnoon**- Let your child come explore their artistic side in this class. They will form, paint, and create their afternoon away. All supplies are provided. Just add color!

Tuesday

- **Design Squad**- Designed to show kids that engineering is active, fun and collaborative, this class will teach children to use everyday objects to build innovative structures designed for specific tasks. If you enroll your child in this class, they will exercise their critical thinking skills along with applying and exercising technical skills.

- **Bowling**- The only time STRIKES are considered a good thing. Come learn how to get them here. This class also offers a bowling league for an additional fee. More info coming.

- **Flag Football**- A growing alternative to the full contact sport, flag football teaches basic skills and concepts of the game without the physical dangers that sometimes come with full contact. Your child will learn to run routes, speed skills, and other gross motor skills talents that will follow them for years to come.

- **Hot Wheels/Cardboard Challenge**- In this class, students will combine the fun of cardboard and hot wheels to create the ultimate hot wheels city.

- **Sign Language** – Back by popular demand!!! Last year we introduced this class and the kids LOVED it! So many learned how to communicate with those in our school who are hearing impaired. Your child will learn things like the alphabet, common words, and even the Pledge of Allegiance. This class is taught by an ASL certified teacher.
