

John Pittard ESP

Spring Semester Brochure
January 22nd - May 17th, 2018

John Pittard ESP Family:

Welcome to our Spring sign-up session of the 2018-2019 school year! Every child enrolled in ESP will need to sign up for our new classes, as there is no other alternative.

Students will participate in an Enrichment Preview Day on January 8th & 9th to make an "Enrichment Wish List" to help you register them for the classes that they want. This will allow them to have a "sneak peek" of what they should expect during these classes.

This year, enrichment classes will go for the entire semester rather than just the quarter. Please keep this in mind when registering your child for these classes!

These classes will start on January 22nd and end on May 17th. There is no longer a materials fee for all enrichments. However, certain enrichments will have an additional fee dependent upon the materials needed for the class. 20 students is the limit for all regular ESP classes. Specific classes could have a lower limit so the class will close once it is full. Glass space is limited, and on a first-come, first-served basis. For staffing & ratio purposes, once you sign-up for classes, you MAY NOT switch. The only reason that you would be allowed to switch classes is if the director cancelled a class your child was signed up for, based on low numbers.

You may register for classes through your Parent Portal on EzChildTrack (www.ezchildtrack.com/esp/parent). Please log on to your account to register for classes. We will also have iPads/Laptops available at curbside for those that need assistance! Registration will be January 7th - January 11th. You must register your child for classes by January 11th or I will place them in classes for you and the associated fees will be charged.

Please do not hesitate to contact me if you should have any questions or concerns!
