

MCS EXTENDED SCHOOL PROGRAM PRESENTS

Drone Coding & Aerial Photography Camp

OPEN TO ANY RISING
MCS 4TH-6TH GRADER

June 24th - 28th

9:00a-2:00p

HOSTED AT OVERALL CREEK
LIMIT OF 40 STUDENTS

This 5-day camp combines two fun STEM activities... Coding and Drones! You'll not only write Scratch code that controls a Tello drone, but you'll also learn the fundamentals of photography using real DSLR cameras. In addition, you'll learn how drones are used in aerial mapping from licensed drone pilots who will demonstrate their skills using commercial grade drones.
