The letters "O" and "A"

## September Concept Words

More, fewer, same, equal, alike, different, organize, deciduous, coniferous, seed, roots, trunk, branches, leaves, crown, circumference, nocturnal, echo

## This Month in the Ant Room

In October we will be learning about trees. We will start off the month by talking about what we already know about trees and make a list of what we would like to learn. We will be exploring outside under the trees near the school and using tree parts to make art. We will end the month talking about what animals, bugs, and creepy crawly things live in trees. We will have the chance to taste different foods that come from trees and make homemade applesauce. If you find any interesting things under your trees at home please send them in for us to examine.

## Reminders:

October 1st-5th: FALL BREAK  
October 24th: Kiyari's birthday  
October 27th: Keegan's birthday  
November 2nd: Book character parade
