9:00-1:00 | \$60 per child

July 30

Last Day of Summer ESP

A NOTE FROM MRS. HAYNES

We have had a GREAT summer so far! We have had so many exciting experiences and opportunities for our kiddos. The students have been able to fly drones, shoot bow and arrows, make cake pops and so much more! We are looking forward to basketball camps, STEAM camps and many other fun and exciting upcoming activities for our kiddos.

Please make sure to send a thermos or water bottle with your child daily as we are still not using water fountains.. The children do get hot and need water periodically throughout the day.

Also, afternoon snacks are not provided for students. Please be sure to send one with them. Some students are eating the ones you send at lunch time, so please make sure to let them know that they should save something for snack time. We do try to remind the students to save something for snack but cannot always catch them before they eat everything.

Additionally, we ask that you please do not allow your children to bring toys, phones, blankets, etc. The same rules apply for ESP as they do for the school year.
